### Access to Medical Supplies

We are pleased to inform you that we recently secured a Queen's Park Day for our campaign on "Access to Medical Supplies" under the sponsorship support of MPP France Gelinias (Opposition

Health Care Critic). The Queen's Park Day is scheduled for **December 11, 2018**. We will keep you posted as more updates become available.

### Health Quality Ontario Report

Last week, Health Quality Ontario (HQO) released its highly anticipated DRAFT report on "intermittent catheters for urinary retention due to neurological or non-neurological conditions". HQO is currently looking for feedback on both the assessment and the funding recommendation.
